NICOTINE MANUFACTURED IN MACEDONIA -- Furba, No 174, 24 Jul 49

Although the new modern nicotine factory in Skoplje, a branch of the future combine, has not yet been entirely finished, it is already supplying regular shipments of nicotine to the chemical factory in Saper, which manufactures plant insecticides. Nicotine has been in production at the factory since 1 May.

With the activation of the new factory, enough nicotine will be produced to satisfy all domestic needs and to permit export.

INDUSTRIAL OIL FACTORY NEARLY FINISHED -- Politika, No 13308, 5 Aug 49

Osijek -- The construction of the new factory for the production of industrial oil from corn germs, which is being built next to the First Osijek Soap Factory, is near completion. By mid-August, test operation will begin.

The new factory will supply the soap factory in Osijek with fatty raw materials which thus far have been shipped in from other parts of Yugoslavia. The new factory is in the immediate vicinity of its source of raw materials.

A modern warehouse for the storage of raw materials and products and an industrial railroad track will be built beside the factory.

BLANKET FACTORY UNDER CONSTRUCTION -- Pad, No 187, 8 August 1949.

Construction of a blanket factory, the first factory in the Lika, has been begun at Gospić. It will be able to produce a carload of blankets daily. Foundations for the construction of the factory already have been finished and the construction of large workshops, power buildings, and warehouses will begin soon.

HEMP FACTORY PUT INTO OPERATION -- Rad, No 187, 8 August 1949.

The first hemp factory in Bosnia and Hercegovina, situated at the village of Dvorovi in Bijeljina Srez, started operations at the beginning of August. It has seven basins for retting hemp, three of which soon will be finished. So far, 120 carloads of hemp have been retted, dried, and assembled, and 54 additional carloads are in preparation. About 600 carloads from Bijeljina Srez alone will be collected and processed this year.
